

HOST A DHT EXAM EVENT

DHI education is important to becoming a door security + safety professional. Support your members and non-members in their education journey by hosting a DHT Exam Event.

The Level Two DHT—Door + Hardware Technician credential is a 4-hour computerized exam with immediate notification of your test results along with feedback on how you fared in each segment of the exam.

A TURNKEY SOLUTION FOR CHAPTERS.

DHI Provides:

- Marketing emails
- Registration processing
- \$25 for each person who registers from your chapter

Chapter leaders provide:

- Location
- Great WiFi
- Proctoring
- Any additional marketing

We encourage you to use the funds from DHI to provide lunch and time to network with colleagues.

DHT EXAM PRICE

\$300 for members and non-members. Chapters and companies are welcome to supplement this cost to incentivize their members to participate.

Feedback on the exam has been overwhelmingly positive, noting the test is challenging but very fair and extremely relevant to this new credentialed level of expertise. The easy-to-take test format includes only straightforward multiple choice and true/false questions. There is also a free practice test that anyone can take online to determine if they are ready to sit for the exam.

Visit DHI.org for details.

NOW AVAILABLE!

DHI'S NEWEST CERTIFICATION— THE DOOR + HARDWARE CONSULTANT (DHC)

Earning the DHT credential is a pre-requisite to sit for the DHC exam. The DHC exam is available online, similar to the DHT exam, and can also be a locally hosted event as well. Visit DHI.org for details and contact certification@dhi.org

To learn more about how your chapter can launch a DHT Exam Event, contact certification@dhi.org or call Valerie Gardner at 703.766.7013.
